# BE ON THE BASE

## “WORK TOGETHER & GROW TOGETHER”

Al Falah Engineering Works was founded in 1976 by late Mr Javed. Al Falah Engineering Works was the first of its kind in the region and built a strong clients list based on trust and quality with a small workforce. In 2006, Al Falah Engineering Works was taken over by Mr Abdul Ghaffar and has since exceeded its growth targets year by year and continues to deliver the highest quality of work ensuring each of our clients expectations are not only met but exceeded.

Al Falah Engineering Works is a fast growing engineering company backed by a team of professionals in the aspects of fabrication, structural and installation etc. We respect every employee and encourage itself with high expectation, rule itself with high standard and stimulate itself with challenge. We strive and grow up together.

Our focus is to ensure we meet our customer's requirements and exceed their expectations ensuring satisfaction from each and every client. We take pride in delivering work of unparamount quality whilst maintaining on time job completion deadlines all at competitive pricing.

**AL FALAH ENGINEERING WORKS** continue to move forward to the highest level of competition. As our activities and services includes:

Manufacturing  
(S.S, M.S and Aluminum works)

Color Plating Works

Fabrication  
(S.S, M.S and Aluminum works)

Partition and Decorative Metal Works

Structural Works

Civil Works

Glass Works

Structural Design & Calculations

Our success is directly linked to the confidence of our satisfied customers, efficiency of our suppliers and dedication of our staffs who are all well experienced and trained. The quality and service we provide continue bring us to be on top.
